

PAWAR MALHARI

MERN Stack Developer

Pune, Maharashtra • 9209511755 • malharipawar001@gmail.com • [LinkedIn](#) • [GitHub](#)

SUMMARY

Versatile MERN Stack Developer with a fervent passion for full-stack development. Building on strong computer science basics, I relish translating thoughts into functional codes. Alongside nurturing my mainstay MERN expertise, I constantly delve deeper into supplementary technologies like TypeScript and Next.js. Always eager to acquire new skills, I aim to conquer stimulating challenges, establish productive bonds, and augment my know-how—resulting in remarkable digital solutions that benefit organizations.

WORK EXPERIENCE

Full-Stack Developer (Intern), 5TechG Lab LLP Dec 2023 – Jun 2024

- Optimized database queries to improve application performance and reduce response time.
 - Effectively Utilized Redux To manage application state, ensuring a predictable and centralized state management approach, and implemented caching strategies to optimize data retrieval and enhance performance.
 - Coordinated iterative testing cycles, troubleshoot identified issues, liaised with external stakeholders, and executed bug-free releases, consistently maintaining high-quality standards and customer satisfaction levels.
-

EDUCATION

Master of Computer Application, Shivaji University Kolhapur Dec 2022 - May 2024
